Book Description

If you like seeing large numbers of birds, you'll love Louisiana. Although Louisiana may not have the life-listers appeal of some of the border states, probably no state in the USA can compete with Louisiana in terms of bird spectacles. Bird density, in general, is higher in Louisiana than almost anywhere in the country, and some of the concentrations are stunning. This birdfinding guide will help more people appreciate Louisiana for the special birding area that it is. A Birder's Guide to Louisiana will guide you to the best birding spots in Louisiana. Contains descriptions, maps, species lists, and directions for over 100 sites.
